MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Your Directors have pleasure in presenting this Management Discussion and Analysis Report for the year ended on 31st March, 2018.

INDUSTRY STRUCTURE AND DEVELOPMENTS

The packaging industry is among the growing industries of India with a growth rate of about 10-12% per annum. The industry has reported steady growth over past several years and shows high potential for expansion.

The global packaging industry is developing and expanding day by day and Indian packaging industry is also growing rapidly. This growth is primarily driven by factors like growing of pharmaceutical, food processing, industries and FMCG and healthcare sector.

SRMTL'S PERFORMANCE AS INDUSTRY

Your Company's major product is laminated tubes, which is used for packing products in paste or gel form. The production of laminated tubes was stable as compared to previous year due to optimum utilisation of tubing capacity throughout the year. Further, the Company has expansion plans in coming financial year considering the potential in the market.

The key growth drivers for the year were flexible laminates which grew at 10.50% compared to last year. This is another high potential segment for your Company, which has varied applications for packing powders, granules, liquids, condoms etc. The number of key customers have been tapped for this segment which can give impressive growth in the coming years.

In addition to domestic market, the overseas markets continue to hold substantial potential for your company. The export sales grew from Rs 1,908 lakhs of the previous financial year 2016-17 to Rs 2,071 lakhs in the financial year 2017-18 - a growth of 8.54% over the previous year. Hence the exports would continue to remain focused on developing export business.

During the year, the recertification audits were carried out by external agencies and accordingly your company has been recertified for ISO-9001-2015 and FSSC 22000.

SEGMENT-WISE/PRODUCT WISE PERFORMANCE

The Company closed the year at approximately similar level in Tube sales. This is because of capacity constraint during peak season and maintenance related issues because of the old machineries. This has led us to add new machines and expand tube capacity.

OPPORTUNITIES, THREATS AND RISK PERCEPTION

In the way ahead, the growth in the plastic and packaging industry in India may be impacted by the end use industries, growing consumerism and government initiatives such as Make in India. With expected growth in FMCG segment coupled with more money in the hands of consumers, we expect packaging industry to show growth momentum. In line with this expectation, the capacities are being built up in all segments of packaging and hence competition is expected to intensify in coming years. Also with the Government's approach towards recycling and bio-degradation, it may create need to change the overall concept of changing primary packaging products. However, with its value system and dedicated team, your company is geared up to accept and overcome challenges of future.

RISK AND CONCERNS

Several new players have come up in Tube Manufacturing and as a result, the competition has become intense. It is absolutely vital for us to remain with the industry with new technology machines to stay relevant.

On account of Anti-dumping duty, the cost of Aluminium Foil, being the main component of the primary packaging, has significantly gone up which drastically impacted raw material cost.

BUSINESS OUTLOOK

On the back of more and more products getting converted from aluminum tubes to multilayer tubes and increasing per capita plastic consumption in India, the potential for multilayer tubes may rise and latest technology machines are an aid to stay at the forefront of the competition going forward.

INTERNAL CONTROL SYSTEMS AND ITS ADEQUACY

The Company has adequate and effective internal controls to provide reasonable assurance on achievement of its operational, compliance and reporting objectives. The Company has deployed controls through its policies and procedures. These policies and procedures are periodically reviewed to ensure that they remain updated with the changes in the environment. INDEPENDENT AUDITORS' REPORT

To
The Members of
SHREE RAMA MULTI-TECH LIMITED

Report on the Financial Statements

We have audited the accompanying standalone financial statements of **Shree Rama Multi-Tech Limited ("the Company")** which comprise the Balance Sheet as at March 31, 2018, the Statement of Profit and Loss (including Other Comprehensive Income), Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "Standalone Ind AS Financial Statements").

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act, read with relevant rules issued thereunder.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone Ind AS financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the standalone Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances.

Annual Report 2017-18

An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone Ind AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

Basis for Qualified Opinion:

1. **The Company has made borrowings in the form of loans, debentures etc. in earlier years which are under settlement. During the year the Company has not provided interest of Rs. 854.72 lakhs (Previous Year Rs. 854.72 lakhs) on such outstanding borrowings. The accumulated interest on such borrowings not provided for past several years up to 31/3/2018 is Rs. 13828.49 lakhs (Previous Year Rs. 12973.77 lakhs).**

If the provision for interest is made the loss for the current year would have increased by Rs 854.72 lakhs and accumulated losses upto 31/3/2018 would have increased by Rs 854.72 lakhs and accordingly net loss for the current year would have been Rs.1123.27 lakhs and accumulated losses up to 31/3/2018 would have been Rs 45503.34 lakhs (Refer note No. 53.6 of Financial Statements).

2. **Non consolidation of accounts of Shree Rama (Mauritius) Limited (Wholly Owned Subsidiary) as per Sec. 129 of the Act & Ind AS 110 of ICAI (Refer note No. 42 of Financial Statements).**

Opinion

In our opinion and to the best of our information and according to the explanations given to us, **except for the matters described in the basis for qualified opinion para above**, the aforesaid standalone Ind AS financial statements, give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2018, and its loss, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Report on Other Legal and Regulatory Requirements

 - d. In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

SHREE RAMA MULTI-TECH LIMITED

- f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in “**Annexure B**”.

SHREE RAMA MULTI-TECH LIMITED

“Annexure B” Annexure to the Independent Auditors’ report of even date on the financial statements of Shree Rama Multi - Tech Limited

Report on the Internal Financial Controls under Clause (1) of Sub-section 3 of Sec.143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of Shree Rama Multi-Tech Limited (“the Company”) as of March 31, 2018 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls systems over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purpose in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions

Annual Report 2017-18

and dispositions of the assets of the company. (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company, and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial control system over financial reporting and such internal financial controls over financial reporting was operating effectively as on March 31,2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reports issued by the Institute of Chartered Accountants of India.

j) Borrowings

Borrowings are initially recognized at net of transaction costs incurred and measured at amortised cost. Preference shares, which are mandatorily redeemable on a specific date are classified as liabilities.

k) Borrowing costs

Interest and other borrowing costs attributable to qualifying assets are capitalised. Other interest and borrowing costs are charged to Statement of Profit and Loss.

l) Provisions and contingent liabilities

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The

discount rate used to determine the present value is a pre tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Contingent Liabilities are disclosed in respect of possible obligations that arise from past events but their existence will be confirmed by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Company or where any present obligation cannot be measured in terms of future outflow of resources or where a reliable estimate of the obligation cannot be made.

m) **Revenue recognition**

Dividends

Dividends are generally recognised in the Statement of Profit and Loss only when the right to receive payment is established.

n) **Employee benefits**

(i) **Short-term obligations**

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

(ii) Other long-term employee benefit obligations

The liabilities for earned leave and sick leave that are not expected to be settled wholly within 12 months are measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method.

(iii) Post-employment obligations

The Company operates the following post-employment schemes:

- (a) defined benefit plans such as gratuity ; and
- (b) defined contribution plans such as provident fund.

Gratuity obligations

The liability or asset recognised in the balance sheet in respect of defined benefit plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Statement of Profit and Loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Defined Contribution Plans

Defined Contribution Plans such as Provident Fund, etc., are charged to the Statement of Profit and Loss as incurred.

Termination benefits

Termination benefits are payable when employment is terminated by the Company before the normal retirement date, or when an employee accepts voluntary redundancy in exchange for these benefits. The Company recognises termination benefits at the earlier of the following dates: (a) when the Company can no longer withdraw the offer of those benefits; and (b) when the Company recognises costs for a restructuring that is within the scope of Ind AS 37 and involves the payment of terminations benefits. In the case of an offer made to encourage voluntary redundancy, the termination benefits are measured based on the number of employees expected to accept the offer. Benefits falling due more than 12 months after the end of the reporting period are discounted to present value.

(i) Functional and presentation currency

The financial statements are presented in Indian rupee (INR), which is Company's functional and presentation currency.

p) **Income tax**

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Deferred income tax is provided in full, using the liability method on temporary differences arising between the tax bases of assets and liabilities and their carrying amount in the financial statement. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are excepted to apply when the related deferred income tax assets is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses, only if, it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are off set where the Company has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

Minimum Alternate Tax credit is recognised as deferred tax asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period.

(48) Liquidity Risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions. These limits vary by location to take into account the liquidity of the market in which the entity operates. In addition, the company's liquidity management policy involves projecting cash flows in major currencies and considering the level of liquid assets necessary to meet these, monitoring balance sheet liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans.
